TESTS AND RESULTS

Part I. Test Conducted:

Slide durability test with reference to clause 6.3.8 of BS EN 15338:2007

General Test Condition:

The following test program was conducted in a laboratory environment maintained at 15 ℃ to 25 ℃ and 50%±5 RH. The sample was individually tested after conditioning in the test environment for at least 24 hours prior to conducting the test.

The complete detailed procedures may be found in the referenced specification and are only summarized herein. Unless otherwise specified, the tests are carried out in the following order on the same sample.

No. of Sample:

1 Pair (Sample 1). For more sample information and pictures, please refer to the following page.

Test Clause	Test Description and Requirements	Test Results
Slide durability test	Open and close the extension element gently and without supporting the front for 50000 cycles specified by applicant Open from the fully closed position to the point at which one-third of the inside length (depth) of the extension element, or at least 100 mm, remains inside the test frame. For extension elements, which are equipped with any sort of built-in stop in the open position, fully open the extension element without forcing the stop. If the extension element has a damper and/or a catch device, including a self opening or a self closing mechanism, this shall be allowed to operate at each cycle. Open and close the extension element via the force application point at a rate of 4 to 15 cycles per minute. The extension element shall fulfil its function and When the loading capacity is less than 40 kg, the opening and closing forces determined shall not exceed 50 N, When the loading capacity is not less than 40 kg, the opening and closing forces determined shall not exceed 12,5 % of the loading capacity.	PASS

Remark:

- The total load 30 kg and cyclic number 50000 were specified by client;
- 2. The dimension of testing drawer is 545mm(W) by 360mm(L) by 120mm(H);
- 3. For the sample information and pictures, please refer to the following page;
